720-2491, Fax: (202) 720-8938, or Email:
Antoinette.Carter@ams.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Tart Cherries Grown in Michigan, New York,
Pennsylvania, Oregon, Utah, Washington, and Wisconsin.
Marketing Order No. 930 (7 CFR part 930).

OMB Number: 0581-0177.

Expiration Date of Approval: December 31, 2016.

Type of Request: Extension and revision of a
currently approved information collection.

Abstract: Marketing order programs provide an
opportunity for producers of fresh fruits, vegetables,
and specialty crops, in a specified production area, to
work together to solve marketing problems that cannot be
solved individually. Marketing order regulations help
ensure adequate supplies of high quality product and
adequate returns to producers. Marketing orders are
authorized under the Agricultural Marketing Agreement Act

of 1937 (Act), as amended (7 U.S.C. 601-674). The Secretary of Agriculture oversees these operations and issues regulations recommended by a committee of representatives from the respective commodity industry.

The information collection requirements in this request are essential to carry out the intent of the AMAA and to administer the program, which has operated since 1996.

The Federal marketing order for tart cherries (7 CFR part 930) regulates the handling of tart cherries grown in Michigan, New York, Pennsylvania, Oregon, Utah, Washington, and Wisconsin. The marketing order authorizes volume regulations that provide for a reserve pool in times of heavy cherry supplies. The marketing order also provides for minimum grade and size regulations, and market research and development projects, including paid advertising. These provisions are not currently in use.

The marketing order, and rules and regulations issued thereunder, authorizes the Cherry Industry Administrative Board (Board), the agency responsible for local administration of the order, to require handlers

and growers to submit certain information. Much of this information is compiled in aggregate and provided to the Board to assist in carrying out marketing decisions.

The Board has developed 11 forms as a means for persons to file the required and minimum necessary reports with the Board, such as tart cherry inventories, shipments, diversions, and background data. All the information provided is needed to effectively carry out the requirements of the marketing order and fulfill the intent of the AMAA as expressed in the marketing order. Since this order regulates canned and frozen forms of tart cherries, reporting requirements will be in effect all year.

Nine U.S. Department of Agriculture (USDA) forms are also included in this request. Tart cherry growers and handlers nominated by their peers to serve as representatives on the Board must submit nomination forms to the USDA. Formal rulemaking amendments to the marketing order must be approved in grower referenda authorized and conducted by the USDA. In addition, USDA may conduct a referendum to determine industry support for continuation of the marketing order. Finally,

handlers are asked to sign an agreement to indicate their willingness to comply with the provisions of the marketing order if the order is amended.

The information collected is used only by authorized representatives of the USDA, including AMS, Specialty Crops Programs' regional and headquarters staff, and authorized Board employees. Authorized Board employees and the industry are the primary users of the information, and AMS is the secondary user.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .227 hours per response.

Respondents: Tart cherry growers and for-profit businesses handling fresh and processed tart cherries produced in Michigan, New York, Pennsylvania, Oregon, Utah, Washington, and Wisconsin.

Estimated Number of Respondents: 642

Estimated Number of Responses: 3,270

Estimated Number of Responses per Respondent: 5.09

Estimated Total Annual Burden on Respondents: 741 hours.

Comments: Comments are invited on: (1) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (2) the accuracy of the agency's estimate of the burden of the collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on those who respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments should reference this docket number and the appropriate marketing order and be sent to the USDA in care of the Docket Clerk at the address above. All comments received within the provided comment period will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

AMS is committed to compliance with the E-Government

Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A 60-day comment period is provided to allow interested persons to respond to the notice.
